Title: A Message

Author: Lady Aileen.

Milord,

The hooded man I told  
you about was once more  
at the Castle tonight.  
Sherry overheard him tell  
someone that Council  
would be disposed of  
tonight as well as Sherry  
and myself. And so we've  
fled...

We will remain in hiding  
for a while, until we  
know better who is friend  
or foe.

We waited as long as we  
could. I can only hope  
that my first message  
found you and that you  
are safe.

Aileen
